

Accurate Railcar Weights by the Ton

For weighing systems that set the standard for precision, depend on OV Scale. Since the late '60s, we've been supplying manufacturers and processing facilities with superior:

- Legal-for-Trade Railroad Track Scales
- Combination Track/Truck Scales
- Pitless Rail Scale Checkweighers
- AAR-Compliant 80,000-lb. Rail Scale Calibration Cart

As an independent distributor of quality scales from SAI, Avery Weigh-Tronix and many other top-of-the-line manufacturers, we have what it takes to keep you and your customers running smoothly.

If accuracy matters to you, we're ready to help at **800.888.0840**, sales@ovscale.com and www.ovscale.com
